1st CALL FOR PROPOSALS

Corrigendum No1

30th of November, 2023

- A.** The deadline for submission of applications for SSP and RSP without infrastructure budget line modifies from the 20th of December 2023 to the 20th of February 2024. The rationale is represented by the requests of some National Authorities and representatives of eligible regions referring to the applicants' overlap with the closure of HUSKROUA ENI CBC projects, putting strain on the human resources at institutional level. The new deadline was defined by also taking into account the limited activity of all organizations and institutions during the year end period in all four participating countries. As such the following chapters of the Guidelines for Applicants has been modified:
